Women of the North

Our Purpose:

The purpose of our organization is to work together as professional women in psychology and counseling to make a difference in our community.

We are female psychologists, psychotherapists and social workers who offer quality professional services to the communities of north Pittsburgh through our independent practices.

We hope to add new members to our group so we will continue to grow.

Our Mission:

Our Mission is to support the North Pittsburgh community as women professionals with multiple psychological specialties and services to offer. We strive to make a difference by educating the public and supporting growth.

Each member of the Women of the North has particular counseling specialties and services. Our members include Psychologists, Licensed Clinical Social Workers, Licensed Professional Counselors and Licensed Registered Nurses.

We are excited to offer help to the members of our community. We provide psychotherapy, psychological evaluations, speaking engagements, and coaching as well as other services.

Please see our website directory for detailed information about each of our practices, specialties and services.
